

Magna3 model nomenclature

1-3	4 - 10			11	12
M3S	040	-	080	B	C

1-3	Pump series:	M3S =	Grundfos Magna3 single insulated pump (all models)
		M3C =	Grundfos Magna3 single insul. pump w/ check valve (up to 65-120 only)
		M3D =	Grundfos Magna3 Dual Head (see available models, below)
4-10	Available models:	040-080 =	40-80 single head, 2" ball isol. valves, 2" NPT connections
		040-120 =	40-120 single head, 2" ball isol. valves, 2" NPT connections
		040-180 =	40-180 single head, 2" ball isol. valves, 2" NPT connections
		065-120 =	65-120 snagl head, 2" ball isol. vlvs, 2" NPT connections
		065-150 =	65-150 single = 2" ball isol. valves, 2" NPT connections
			65-150 dual = 3" butterfly isol. valves, 3" flange connections
		080-100 =	80-100 single or dual head, 3" butterfly isol. vlvs, 3" flange connections
100-120 =	100-120 snagl or dual head, 4" butterfly isol. vlvs, 4" flange connections		
11	Voltage:	A =	115/1/60 (up to 65-120 only)
		B =	208-230/1/60 (all models)
12	Standard/Special:	C =	Standard product (cast iron volute)
		N =	Stainless steel volute
		- =	Engineering special (dash, followed by special code)
